		TIME 2:00 PM
SUBJECT SCP-CARLSTADT		
SUMMARY OF COMMUNICATION Bruce Jernigan called to inform me that he will be acting as the Interim Facility Coordinator for the SCP-Carlstadt RI/FS. He said there will be a Technical Committee meeting on November 16th. At the meeting, a few select firms will be making presentations to the group regarding a Source Control Feasibility Study. He told me that the Committee has decided to supplement Dames & Moore, and use another firm to concentrate on treatment schemes for the operable unit source control remedy. He said he would like to meet with EPA as soon as they select a consultant. Bruce will be out of the office the rest of the week, but can be reached through his secretary.
